

Qoltec Enclosure for M.2 SATA SSD | NVME | USB type C

Product code: 50312

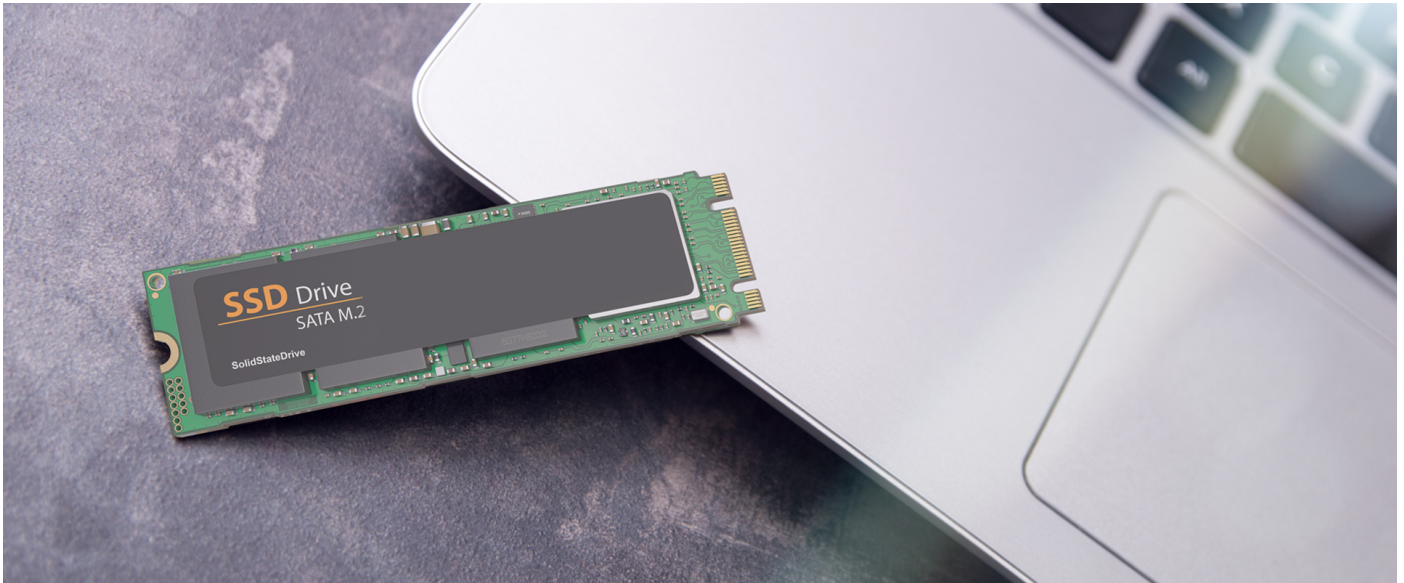

Portable M.2 SATA NVME drive enclosure, allows you to connect an SSD to the device of your choice using a high-speed USB C connector. It features plug & play functionality. The enclosure supports drives of different lengths, so you don't have to worry about compatibility.

INNOVATION IN YOUR HANDS

The Qoltec brand docking station is an interesting alternative, not only for people storing documents or private files on disks, but also for small businesses that want to archive their computer data without investing in expensive solutions.

TRANSMISSION SPEED OF 10 GB/S

Qoltec brand drive enclosure is a device :

- suitable for SATA SSD M-Key and B&M-Key with sizes : **2230, 2242, 2260, 2280**,- support UASP standard, allows you to execute several commands at the same time,
- USB 3.1 Gen 1 interface allows data transmission at a speed of **10 Gb/s**,
- the device is compatible with USB 3.1 gen 1 and backward USB 3.0 and USB 2.0,
- good stability of the device thanks to anti-slip pads,
- LED light indicates copy status,
- single M.2 drive supports up to 2TB,
- useful when there is no other way to connect SSD,
- no need to install drivers, just plug into the USB port and use thanks to the simplicity of Plug&Play function.

SOLID AND LIGHTWEIGHT CONSTRUCTION

The product features an ergonomic shape for comfortable use, and the minimalist and elegant design, which is given by the lightweight aluminum housing, create excellent aesthetics of the device.

CONFIDENCE CONFIRMED BY A WARRANTY

Do you care about the high quality of the product you buy? Our solutions will meet your expectations. The docking station comes with a **24-month warranty** valid from the date of purchase.
