Calearo Group: One World Total Reality

Calearo: evoluzione continua dal 1957.

Calearo è il nome del Gruppo e della famiglia che lo ha creato ormai mezzo secolo fa, ma è anche sinonimo di dinamismo nella ricerca, senso pratico e grande esperienza nei processi di industrializzazione.

L'azienda, fondata nel 1957 da Alessio e Lucia Calearo e originariamente specializzata nella produzione di campanelli per biciclette, ha subito focalizzato il proprio core business nello sviluppo e produzione di antenne per auto.

Dagli anni '60 a oggi, dunque, Calearo è diventato fornitore delle più rinomate case automobilistiche europee proponendo una serie di prodotti innovativi e all'avanguardia: dalla prima antenna elettrica a quella per il radiotelefono veicolare, sino al recentissimo modello polifunzionale (radio, telefono, satellite e TV).

Nel 2005, con la nascita di Ce.R.Ca., il gruppo si è dotato di un centro di ricerca d'eccellenza, indipendente, attrezzato con tecnologie avanzatissime e programmi di ricerca concordati con i più rinomati Istituti internazionali. Una struttura in grado di operare nel campo delle radiofrequenze e delle trasmissioni fornendo un indispensabile contributo a tutte le Business Unit aziendali.

Calearo: constant evolution since 1957.

Calearo is the name of a Group and of the family who created it half a century ago: a name for dynamic research combined with common sense and with the experience of the finest industrialisation.

Founded in 1957 by Alessio and Lucia Calearo for bicycle bell production, the Company started soon to specialize in automobile antennas: the first electric antenna was produced by Calearo as the innovative invention of an antenna for vehicle mobile telephones, up to the recent multi-functional model (radio, telephone, satellite and TV).

In 2005 was founded Ce.R.Ca., Calearo's research centre, a first-rate international structure in the field of radio frequencies and transmissions.

An independent team, equipped with state-of-the-art technologies for research programmes carried out in co-operation with many well-known international institutions.

Market Opportunities

Excellence in Communication

Calearo's Antennas Worlds

GSM, UMTS, GPS, WIFI Reception

Pag 9

Calearo amplia la propria offerta di prodotti, introducendo accanto alle antenne per il settore automotive, una gamma di soluzioni altamente professionali per base station e sistemi di telemetria nel settore industriale. Tecnologia WiFi di ultima generazione abbinata alle bande GSM, UMTS e GPS, sono le principali funzioni per le antenne dedicate alle telecomunicazioni wireless.

Calearo extends its product offering, with antennas for the automotive sector now complemented by a range of highly professional solutions for base station and telemetry in the industrial sector. Next-generation WiFi technology combined with the GSM, UMTS and GPS bands are the main functions for antennas dedicated to wireless telecommunications.

TETRA, UHF, VHF Reception

Pag 23

Ampio spazio alle bande di frequenza speciali, dedicate al settore RADIOTAXI (VHF 146-174MHz e UHF 430-470MHz), alle telecomunicazioni professionali di pubblica sicurezza e di emergenza, e a quelle private (TETRA 380-410MHz). Prodotti singola funzione e multifunzione, garantiscono funzionalità e semplicità di installazione, integrandosi totalmente con il veicolo.

Extensive focus on special frequency bands, used by radio taxi operators (VHF 146-174MHz and UHF 430-470MHz), professional telecommunications involving police and emergency services, and private telecommunications (TETRA 380-410MHz). Single and multifunction products guarantee functional efficiency and simple installation as well as full integration into the vehicle.

DVB-S and DVB-T Reception

Pag 29

Calearo offre una nuova linea di antenne dedicate al mercato nautico e a quello dei veicoli per il tempo libero, come camper, caravan e motorhomes. Progettate, sviluppate e prodotte totalmente in Italia, le antenne per la ricezione del DVB-T e del DVB-S garantiscono performance di primo livello. Completano la gamma l'ormai consolidata linea di antenne a vetro, Light e Dark TV, e a tetto, Bi-Tv, Tri-Tv e Shark Tv per tutto il mercato automotive.

Calearo offers a new line of antennas for watercraft and recreational vehicles (campers, caravans and motor homes). Designed, developed and made entirely in Italy, antennas for DVB-T and DVB-S reception guarantee performance second to none. Completing the range are Calearo's well-known lines of antennas for the whole automotive market: Light and Dark TV, mounted on glass, and Bi-Tv, Tri-Tv and Shark Tv, roof-mounted.

DAB, DAB+ Reception

Pag 37

DAB/DAB+ e DMB sono i nuovi sistemi di trasmissione DIGITALE. Il primo permette la ricezione delle trasmissioni radiofoniche digitali di qualità superiore, mentre il secondo comprende pacchetti digitali audio-video. Le antenne per i sistemi DAB e DAB+ sono la soluzione ideale per un intrattenimento completo di alta qualità.

DAB/DAB+ and DMB are the new DIGITAL transmission systems. DAB enables the reception of higher quality digital radio signals, and DAB+ includes digital audio-video packet streams. Calearo antennas for DAB and DAB+ systems are the ideal solution for a complete high quality entertainment experience.

AM-FM Reception

Pag 45

La qualità delle antenne e dei cavi Calearo crea un sistema di ricezione tale da ottimizzare l'ascolto dell'autoradio sfruttando tutte le caratteristiche del Vostro apparecchio. Dall'installazione in auto, all'allestimento di cabine per macchine agricole o microcar, Calearo garantisce estrema funzionalità, affidabilità e durata nel tempo dei materiali. Anche la più semplice antenna Calearo Vi assicura un'eccellente qualità d'ascolto!

The quality of Calearo antennas and cables is such as to create a reception system that will optimize the sound of your car radio by making the most of all its features. Fitted to a saloon car or a microcar, or the cab of an agricultural vehicle, a Calearo antenna guarantees total functional efficiency, reliability and durability of the materials used in manufacture. Even with the simplest Calearo antenna system, your in-car listening pleasure is assured!

Calearo Group: One vision

Calearo: si scrive qualità, si legge fiducia. Questa la nostra filosofia.

La qualità per il Gruppo Calearo è un concetto globale, che trova applicazione non solo nel prodotto e nella tecnologia applicata, ma che si estende anche all'intera organizzazione aziendale, ai sistemi produttivi e di distribuzione, al servizio clienti, alla ricerca e all'innovazione. Testimoni di questo impegno concreto e garanzia di una Qualità Totale, sono le importanti certificazioni ottenute: UNI EN ISO 9001 / ISO TS 16949.

Tutte le antenne Calearo, inoltre, rispondono alle Normative Europee sulla compatibilità elettromagnetica.

La qualità che contraddistingue i nostri prodotti ha immediatamente conquistato la fiducia di alcune tra le più importanti case automobilistiche internazionali:

Gruppo Volkswagen: Audi, Volkswagen, Seat, Skoda e Bentley

Gruppo RSA: Renault, Nissan

Gruppo FCA: Fiat, Lancia, Alfa Romeo, Maserati

Gruppo PSA: Peugeot, Citroën e DS

Gruppo Volvo Trucks

Ferrari

che hanno scelto di equipaggiare le loro vetture con le antenne Calearo.

Calearo: is written as quality, reads trust. This is our philosophy

Top Quality is a global concept involving products and technology as well as the whole company organization from production processes to distribution, from customer satisfaction to research and innovation.

A Top Quality System attested by the prestigious certificates UNI EN ISO 9001 and ISO TS 16949 awarded to Calearo Antenne.

All Calearo antennas have been certified in compliance with the European standards on electromagnetic compatibility.

The quality of Calearo have won the trust of some of the most prestigious International car manufacturers, such as:

Volkswagen Group: Audi, Volkswagen, Seat, Skoda and Bentley

RSA Group: Renault, Nissan

FCA Group: Fiat, Lancia, Alfa Romeo, Maserati,

PSA Group: Peugeot, Citroën and DS

Volvo Trucks Group

Ferrari

who have chosen Calearo Antennas for their automobiles.

1. GSM, UMTS, GPS, WIFI RECEPTION

Excellence in Communication

Calero amplia la propria offerta di prodotti, introducendo accanto alle antenne per il settore automotive, una gamma di soluzioni altamente professionali per base station e sistemi di telemetria nel settore industriale. Tecnologia WiFi di ultima generazione abbinata alle bande GSM, UMTS, LTE e GPS, sono le principali funzioni per le antenne dedicate alle telecomunicazioni wireless.

Calero extends its product offering, with antennas for the automotive sector now complemented by a range of highly professional solutions for base station and telemetry in the industrial sector. Next-generation WiFi technology combined with the GSM, UMTS, LTE and GPS bands are the main functions for antennas dedicated to wireless telecommunications.

Calero erweitert sein Produktangebot und führt neben den Autoantennen eine Linie hochprofessioneller Lösungen für Basisstation und Telemetrie im gewerblichen Bereich. WiFi-Technologie der jüngsten Generation kombiniert mit den GSM-, UMTS-, LTE- und GPS-Bandbreiten sind die Hauptfunktionen für die Antennen der drahtlosen Telekommunikation.

Calero élargit son offre de produits, en complétant sa gamme d'antennes pour le secteur automobile par des solutions hautement professionnelles pour station de base dans le secteur le secteur industriel. Technologie WiFi de la dernière génération et bandes GSM, UMTS, LTE et GPS : telles sont les principales fonctions pour les antennes destinées aux télécommunications sans fil.

Calero amplia su oferta de productos, introduciendo, junto con las antenas para el sector de la automoción, una gama de soluciones para estación base, altamente profesionales, en el sector industrial. La tecnología WiFi de última generación, combinada con las bandas GSM, UMTS, LTE y GPS, son las principales funciones para las antenas dedicadas a las telecomunicaciones inalámbricas.

Компания Calero расширяет свое предложение продукции, помещая рядом с антennами для автотранспортных средств набор высоко профессиональных решений для промышленности, подразумевающих фиксированную установку. Технология WiFi последнего поколения в сочетании со стандартами GSM, UMTS, LTE и GPS – это основные функции для антенн, предназначенных для беспроводной связи.

Calero introduceert naast de antennes voor de autobranche tevens een assortiment superprofessionele oplossingen voor voor basisstation, bestemd voor de bedrijfssector. De meest geavanceerde WiFi-technologie in combinatie met de frequentiebanden GSM, UMTS, LTE en GPS zijn de belangrijkste functies voor de antennes voor toepassingen in de draadloze telecommunicatie.

2. TETRA, UHF, VHF RECEPTION

Excellence in Communication

Ampio spazio alle bande di frequenza speciali, dedicate al settore RADIOTAXI (VHF 146-174MHz e UHF 430-470MHz), alle telecomunicazioni professionali di pubblica sicurezza e di emergenza, e a quelle private (TETRA 380-430MHz). Prodotti singola funzione e multifunzione, garantiscono funzionalità e semplicità di installazione, integrandosi totalmente con il veicolo.

Extensive focus on special frequency bands, used by radio taxi operators (VHF 146-174MHz and UHF 430-470MHz), professional telecommunications involving police and emergency services, and private telecommunications (TETRA 380-430MHz). Single and multifunction products guarantee functional efficiency and simple installation as well as full integration into the vehicle.

Eine bedeutende Rolle spielen die speziellen Frequenzbänder der FUNKTAXI Branche (VHF 146-174MHz und UHF 430-470MHz), der professionellen Telekommunikation für öffentliche Sicherheit und Notfallsysteme und des privaten Bereichs (TETRA 380-430MHz). Mono- oder Multifunktionsprodukte garantieren Funktionalität und einfache Installation und lassen sich perfekt in das Fahrzeug integrieren.

Une grande place est accordée aux bandes de fréquences spéciales, destinées au secteur des RADIOTAXIS (VHF 146-174MHz et UHF 430-470MHz), aux télécommunications professionnelles de sécurité publique et d'urgence, et aux télécommunications privées (TETRA 380-430MHz). Les produits à une fonction et multifonctions garantissent un fonctionnement optimal et une installation simple, en s'intégrant parfaitement au véhicule.

Большое пространство для специальных диапазонов частоты, предназначенных для РАДИОТАКСИ (VHF 146-174 мГц и UHF 430-470 мГц), профессиональной связи для общественной безопасности и аварийно-спасательных служб, а также для частной связи (TETRA 380-430 мГц). Продукция с одной или несколькими функциями обеспечивает практичность и простоту установки при полной интеграции с транспортным средством.

Un amplio espacio se reserva para las bandas de frecuencias especiales, dedicadas al sector del RADIO TAXI (VHF 146-174MHz y UHF 430-470MHz), a las telecomunicaciones profesionales de seguridad pública y de emergencia, y a aquellas particulares (TETRA 380-430MHz). Equipos con función única y multifunción que garantizan funcionalidad y sencillez de instalación, integrándose completamente con el vehículo.

Veel aandacht voor de speciale frequentiebanden bestemd voor TAXI'S MET MOBILFOON (VHF 146-174MHz en UHF 430-470MHz), voor professionele telecommunicatie op het gebied van openbare veiligheid en crisisbeheersing en voor de particuliere sector (TETRA 380-430MHz). Producten met enkel- en meervoudige functies, gegarandeerd efficiënt en installatievriendelijk en volledig in het voertuig geïntegreerd.

3. DVB-S AND DVB-T RECEPTION

Excellence in Communication

Calero offre una nuova linea di antenne dedicate al mercato nautico e a quello dei veicoli per il tempo libero, come camper e caravan. Progettate, sviluppate e prodotte totalmente in Italia, le antenne per la ricezione del DVB-T e del DVB-S garantiscono performance di primo livello. Completano la gamma le ormai consolidate linee di antenne a vetro, Light e Dark TV, e a tetto, Bi-Tv, Tri-Tv e Shark Tv per tutto il mercato automotive.

Calero offers a new line of antennas for watercraft and recreational vehicles (campers, caravans and motor homes). Designed, developed and made entirely in Italy, antennas for DVB-T and DVB-S reception guarantee performance second to none. Completing the range are Calero's well-known lines of antennas for the whole automotive market: Light and Dark TV, mounted on glass, and Bi-Tv, Tri-Tv and Shark Tv, roof-mounted.

Calero bietet eine neue Linie von Antennen für den Schifffahrtsmarkt, für den Markt der Freizeitfahrzeuge wie Reisemobile, Wohnwagen und Wohnmobile. Die gänzlich in Italien geplanten, entwickelten und produzierten Empfangsantennen für DVB-T und DVB-S garantieren erstklassige Leistungen. Abgerundet wird das Angebot durch die bewährte Linie von Scheibenantennen, Light und Dark TV, sowie von Dachantennen, Bi-TV, Tri-TV und Shark TV für den ganzen Automobilmarkt.

Calero propose une nouvelle ligne d'antennes destinées au marché nautique, à celui des véhicules de loisirs, tels que les camping-cars, les caravanes et les motor-homes. Entièrement projetées, développées et produites en Italie, les antennes pour la réception du DVB-T et du DVB-S garantissent des performances optimales. La gamme comprend également la ligne, maintenant consolidée, d'antennes pour vitre, Light et Dark TV, et de toit, Bi-Tv, Tri-Tv et Shark Tv pour tout le marché de l'automobile.

Calero ofrece una nueva línea de antenas específicas para el mercado náutico, para aquel de los vehículos para el tiempo libre, tales como casas rodantes, caravanas y motorhomes. Las antenas para recepción DVB-T y DVB-S, diseñadas, desarrolladas y fabricadas por entero en Italia, garantizan un desempeño de primer nivel. La gama se completa con la conocida línea de antenas para cristal, Light y Dark TV, y para techo, Bi-Tv, Tri-Tv y Shark Tv para todo el mercado de la automoción.

Компания Calero предлагает новую линию антенн, предназначенных для рынка плавсредств, для транспортных средств для отдыха, таких как кемперы, жилые прицепы и "дома на колесах". Спроектированные, разработанные и производимые полностью в Италии, принимающие антенны DVB-T и DVB-S обеспечивают характеристики высочайшего уровня. Гамму дополняют уже укрепившаяся линия антенн на стекло, Light и Dark TV, антенн для крыши, Bi-Tv, Tri-Tv и Shark Tv для всей автомобильном рынке.

Calero biedt een nieuwe lijn antennes voor de scheepvaart, voor vrijetijdsvoertuigen zoals kampeerwagens, caravans en motorhomes. De antennes voor ontvangst van DVB-T en DVB-S zijn volledig in Italië ontworpen, ontwikkeld en geproduceerd en staan garant voor prestaties van het hoogste niveau. Het assortiment is compleet met de welbekende lijn raamantennes, Light en Dark TV en dakantennes, Bi-Tv, Tri-Tv en Shark Tv voor de gehele autobranche.

4. DAB, DAB+ RECEPTION

Excellence in Communication

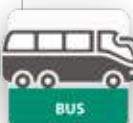

DAB/DAB+ e DMB sono i nuovi sistemi di trasmissione DIGITALE. Il primo permette la ricezione delle trasmissioni radiofoniche digitali di qualità superiore, mentre il secondo comprende pacchetti digitali audio-video. Le antenne per i sistemi DAB e DAB+ sono la soluzione ideale per un intrattenimento completo di alta qualità.

DAB/DAB+ and DMB are the new DIGITAL transmission systems. DAB enables the reception of higher quality digital radio signals, and DAB+ includes digital audio-video packet streams. Calearo antennas for DAB and DAB+ systems are the ideal solution for a complete high quality entertainment experience.

DAB/DAB+ et DMB sont les nouveaux systèmes de transmission NUMÉRIQUE. Le premier assure la réception des transmissions radiophoniques numériques de qualité supérieure, alors que le second comprend des forfaits numériques audio-vidéo. Les antennes pour les systèmes DAB et DAB+ sont la solution idéale pour un divertissement complet et de haute qualité.

DAB/DAB+ und DMB sind die neuen DIGITALEN Übertragungssysteme. DAB ermöglicht den qualitativ hochwertigen Empfang von digitalen Rundfunksendungen, während DAB+ auch audiovisuelle Inhalte umfasst. Die Antennen für die DAB- und DAB+ -Systeme stellen die ideale Lösung für erstklassiges Entertainment dar.

Los DAB/DAB+ y DMB son los nuevos sistemas de transmisión digital. El DAB permite la recepción de las transmisiones de radio digital de calidad superior, mientras que el DAB+ ofrece una combinación de contenidos digitales de audio y video. Las antenas Calearo para los sistemas DAB y DAB+ son la solución ideal para un entretenimiento completo de alta calidad.

DAB/DAB+ en DMB systemen verzekeren hoge kwaliteit DIGITALE ontvangst. DAB zorgt voor de perfecte ontvangst van digitale audiosignalen terwijl DAB+ zorgt voor een complete combinatie van audio en video contents. Calearo's antennes voor DAB en DAB+ systemen zijn de ideale oplossing voor een perfect gebruik van digitale standaarden.

Important:

1. Remove the original rod.
2. Install the AM/FM-DAB rod (Calearo P.no 7551045).
3. Install the Active Splitter.

**O.E.M Active Roof antenna**

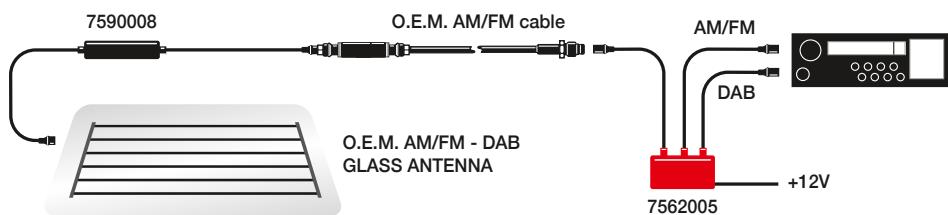

Important:

1. Remove the original Active/amplified antenna.
2. Install a passive antenna (Calearo p.no 7677909).
3. Install the Active Splitter.

**VW Group O.E.M "DIVERSITY" GLASS ANTENNA**

Important:

1. Remove the originale Fm2 amplifier.
2. Install The "bypass" (Calearo P.no 7590008).
3. Install the active splitter

5. AM-FM RECEPTION

Excellence in Communication

La qualità delle antenne e dei cavi Calearo crea un sistema di ricezione tale da ottimizzare l'ascolto dell'autoradio sfruttando tutte le caratteristiche del Vostro apparecchio. Dall'installazione in auto, all'allestimento di cabine per macchine agricole o microcar, Calearo garantisce estrema funzionalità, affidabilità e durata nel tempo dei materiali. Anche la più semplice antenna Calearo Vi assicura un'eccellente qualità d'ascolto!

The quality of Calearo antennas and cables is such as to create a reception system that will optimize the sound of your car radio by making the most of all its features. Fitted to a saloon car or a microcar, or the cab of an agricultural vehicle, a Calearo antenna guarantees total functional efficiency, reliability and durability of the materials used in manufacture. Even with the simplest Calearo antenna system, your in-car listening pleasure is assured!

Die Qualität von Calearo Antennen und Kabeln bilden ein Empfangssystem, welches das Maximum der Leistungsfähigkeit Ihres Autoradios wiedergibt. Calearo ist der Garant, wenn es um Funktionalität, Zuverlässigkeit und Haltbarkeit des Materials bei allen Applikationen für Kraftfahrzeuge, Nutzfahrzeuge oder Kleinstwagen geht. ...sogar die einfachste Calearo Antenne ermöglicht sehr gute Empfangsqualität.

La qualité des antennes et des câbles Calearo permet de créer un système de réception qui optimise l'écoute de l'autoradio en utilisant toutes les caractéristiques de votre appareil. De l'installation dans le véhicule à l'aménagement de cabines pour tracteurs ou voitures sans permis, Calearo garantit des caractéristiques optimales de fonctionnalité, fiabilité et durée du matériel. Même l'antenne la plus simple installée par Calearo vous assure une excellente écoute!

La calidad de las antenas y de los cables de Calearo crea un sistema de recepción que mejora el audio aprovechando la mayoría de las características de la radio del automóvil. Calearo garantiza funcionalidad, fiabilidad y duración de los materiales en todas las aplicaciones, desde el montaje en automóviles al equipamiento de

cabinas para máquinas agrícolas e incluso de microcoches. ¡Hasta la más sencilla de las antenas Calearo le permite escuchar bien!

Качество антенн и кабелей Calearo создает такую систему приема, которая оптимизирует прослушивание музыкального центра, используя все характеристики вашего оборудования. От установки в машине до оборудования кабин сельскохозяйственных машин или микрораков, компания Calearo гарантирует чрезвычайную функциональность, надежность

Cavi AM/FM - GSM - GPS - TV - DAB - VHF/UHF

Cables AM/FM - GSM - GPS - TV - DAB - VHF/UHF / Kabel AM/FM - GSM - GPS - TV - DAB - VHF/UHF / Câbles AM/FM - GSM - GPS - TV - DAB - VHF/UHF / Cables AM/FM - GSM - GPS - TV - DAB - VHF/UHF / Кабели AM/FM – GSM – GPS – TB – DAB – VHF/UHF / Kabels AM/FM - GSM - GPS - TV - DAB - VHF/UHF

7581002

Cavo antenna elettrica AM/FM · Cable for AM/FM electric antenna · Kabel für AM/FM Motorantenne · Câble pour antenne électrique AM/FM · Cable para antena eléctrica AM/FM · Кабель для автоматических антенн

BP F/DIN

1,5 m

7581045

Cavo antenne GSM FMEF/FMEF · FMEF/FMEF cable for GSM antennas · FMEF/FMEF Kabel für GSM Antennen · Câble FMEF/FMEF pour antenne GSM · Cable FMEF/FMEF para antenas GSM FMEF/FMEF кабель для GSM антенн

FME F/FME F

5 m

7131018

Cavo TV per antenne tipo 16V · TV cable for 16V antennas · TV Kabel für 16V Antenne · Câble TV pour antenne 16V · Cable TV para antenas 16V · ТВ кабель для активных антенн

HC97 F/Mini Jack Mono

5 m

7581062

Cavo antenna AM/FM tipo 16V · Cable for AM/FM 16V antenna · Kabel für AM/FM 16V Antenne · Câble pour antenne 16V AM/FM · Cable para antena 16V AM/FM · Кабель для активных радио антенн

HC97 M/ISO

5,6 m

7581076

Cavo GSM per antenne a tetto posteriore · GSM cable for rear roof antennas · GSM Kabel für Heckeneinbau-Antennen · Câble GSM pour antenne de toit arrière · Cable GSM para antenas de techo posterior GSM кабель для антенн на заднюю часть крыши

HC97 F/FME F

5 m

7581141

Cavo DAB per antenne tipo 16V · DAB cable for 16V antennas · DAB Kabel für 16V Antenne · Câble DAB pour antenne 16V · Cable DAB para antenas 16V · DAB кабель для активных антенн

DAB

5 m

7581119

Cavo antenna AM/FM tipo 16V · Cable for AM/FM 16V antenna · Kabel für AM/FM 16V Antenne · Câble pour antenne 16V AM/FM · Cable para antena 16V AM/FM · Кабель для активных радио антенн

HC97 M/DIN

5,6 m

7581103

Cavo antenne GPS posteriori mono o multifunzione · Cable for GPS monofunction or multifunction rear roof antennas · Kabel für GPS monofunktion oder multifunktion Heckeneinbau-Antennen · Câble pour antenne de toit arrière GPS monofonction ou multifonction · Cable GSM para antenas de techo posterior GPS monofunción o multifunción · Кабель для GPS моно-функциональных и мультифункциональных антенн на заднюю часть крыши

FAKRA F/SMB F

5 m

7581116

Cavo AM/FM DAB VHF/UHF per antenne a tetto posteriore · AM/FM DAB VHF/UHF cable for rear roof antennas · AM/FM DAB VHF/UHF Kabel für Heckeneinbau-Antennen · Câble AM/FM DAB VHF/UHF pour antenne de toit arrière · Cable AM/FM DAB VHF/UHF para antenas de techo posterior · AM/FM DAB VHF/UHF кабель для антенн на заднюю часть крыши

FAKRA F/FME F

5 m

	Cavo AM/FM AM/FM cable - AM/FM Kabel - Câble AM/FM - Cable AM/FM - AM/FM кабель		Connettore AM/FM AM/FM Connector - AM/FM Steckverbinder - Connecteur AM/FM - Conector AM/FM - AM/FM коннектор		Frequenza di lavoro Frequency band - Frequenzbereich - Bande de fréquence - Banda de frecuencia - Частотный диапазон
	Cavo GSM GSM cable - GSM Kabel - Câble GSM - Cable GSM - GSM кабель		Connettore GSM GSM Connector - GSM Steckverbinder - Connecteur GSM - Conector GSM - GSM коннектор		Guadagno in dB Gain (dB) - Gewinn (dB) - Gain (dB) - Ganancia (dB) - Потери мощности (дБ)
	Cavo GPS GPS cable - GPS Kabel - Câble GPS - Cable GPS - GPS кабель		Connettore GPS GPS Connector - GPS Steckverbinder - Connecteur GPS - Conector GPS - GPS коннектор		Potenza massima applicabile Max. power - Max. Leistung - Puissance max. - Potencia max. - Макс. мощность
	Cavo VHF VHF cable - VHF Kabel - Câble VHF - Cable VHF - VHF кабель		Connettore VHF VHF Connector - VHF Steckverbinder - Connecteur VHF - Conector VHF - VHF коннектор		Assorbimento di corrente Power absorption - Stromaufnahme - Absorption de courant - Absorción de corriente - Поглощательная способность
	Cavo UHF UHF cable - UHF Kabel - Câble UHF - Cable UHF - UHF кабель		Connettore UHF UHF Connector - UHF Steckverbinder - Connecteur UHF - Conector UHF - UHF коннектор		VSWR KCBH
	Cavo WIFI WIFI cable - WIFI Kabel - Câble WIFI - Cable WIFI - WIFI кабель		Connettore WIFI WIFI Connector - WIFI Steckverbinder - Connecteur WIFI - Conector WIFI - WIFI коннектор		Misure d'ingombro Overall dimensions - Außenmasse - Dimensions maximales - Medidas máximas - Габариты
	Cavo TETRA TETRA cable - TETRA Kabel - Câble TETRA - Cable TETRA - TETRA кабель		Connettore TETRA TETRA Connector - TETRA Steckverbinder - Connecteur TETRA - Conector TETRA - TETRA коннектор		Inclinazione snodo Fixing base inclination - Antennenfußneigung - Inclination embase - Inclinación base - Фиксированный наклон основания
	Cavo TV TV cable - TV Kabel - Câble TV - Cable TV - ТВ кабель		Connettore TV TV Connector - TV Steckverbinder - Connecteur TV - Conector TV - ТВ коннектор		Inclinazione asta Rod inclination - Stabneigung - Inclination fouet - Inclinación varilla - Наклон стержня
	Cavo DAB DAB cable - DAB Kabel - Câble DAB - Cable DAB - DAB кабель		Connettore DAB DAB Connector - DAB Steckverbinder - Connecteur DAB - Conector DAB - DAB коннектор		Lunghezza asta in fibra di vetro Fiber glass rod length - Fiberglasstab-länge - Longueur fouet fibre de verre - Larguezza varilla fibra de vidrio - Длина стекловолоконного стержня
	Cavo LTE LTE cable - LTE Kabel - Câble LTE - Cable LTE - LTE кабель		Connettore LTE LTE Connector - LTE Steckverbinder - Connecteur LTE - Conector LTE - LTE коннектор		Lunghezza asta in gomma Rubber rod length - Gummi-Stablänge - Longueur fouet caoutchouc - Larguezza varilla goma - Длина резинового стержня
	Cavo alimentazione Power cable - Stromkabel - Câble alimentation - Cable alimentacion - Кабель Питание		Connettore FM DAB Connector - FM Steckverbinder - Connecteur FM - Conector FM - FM коннектор		Lunghezza asta in acciaio inox Stainless steel rod length - Edelstahlstablänge - Longueur fouet acier inox - Larguezza varilla acero inox - Длина стержня из нержавеющей стали
	Cavo Cable - Kabel - Câble - Cable - кабель		Satelliti preimpostati Preset satellites - Voreingestellte Satelliten - Satellites prédefinis - Satélites preestablecidos - предустановленных спутников		Lunghezza asta telescopica Rod length - Stablänge - Longueur brû télescopique - Larguezza varilla telescópica - Длина стержня
	Alimentazione interna al cavo antenna Phantom feeding - Phantomspeisung - Alimentation phantom - Alimentación phantom - Питание внутри радио кабеля		Asta di ricambio Spare part mast - Ersatzstab - Fouet de recharge - Varilla de recambio - Запасной стержень		Numero elementi asta telescopica Telescope sections - Teleskopteile - Nombre éléments brû télescopique - Elementos varilla - Телескопические секции
	Alimentazione Feeding cable - Steuerplusleitung - Câble alimentation - Cable alimentación - Питание по отдельному кабелю		Asta tunabile Tunable rod - Einstellbarer Stab - Fouet tunable - Varillas sintonizables - перестраиваемый стержень		Telescopio in acciaio inox Stainless steel telescope - Edelstahl-Teleskop - Télescope en acier inox - Telescópio en acero inox - Стержень из нержавеющей стали
	Foratura carrozzeria Coachwork drilling - Karosseriebohrung - Perçage carrosserie - Taladro carrocería - Монтажное отверстие		Telescopio intercambiabile Compatible telescope - Wechselbares Teleskop - Brû télescopique compatible - Varilla compatible - Телескопический стержень		Telescopio cromato Chromed telescope - Teleskop-verchromt - Télescope chromé - Telescópio cromado - Хромированный стержень
	Filettatura asta Mast thread - Stabsgewinde - Fileteage fouet - Rosca varilla - Резьба стержня		Asta con sistema antifurto Rod with antitheft system - Stab mit diebstahlsicherem System - Fouet avec système antivol - Varilla con sistema antirrobo - Стержень с фирменной системой защиты от кражи		Telescopio nero Black telescope - Teleskop-schwarz - Télescope noir - Telescópio negro - Черный стержень
	Tipologia di montaggio Mounting - Einbau - Montage - Montaje - Установка

CALEARO persegue costantemente una politica di continua ricerca e sviluppo. Pertanto si riserva il diritto di modificare le caratteristiche tecniche e/o estetiche dei suoi prodotti in qualsiasi momento e senza alcun preavviso.

CALEARO has always pursued a policy of continuous research and development. Therefore the Company reserves the right to modify technical and/or aesthetical features of its products at any time and without prior notice.

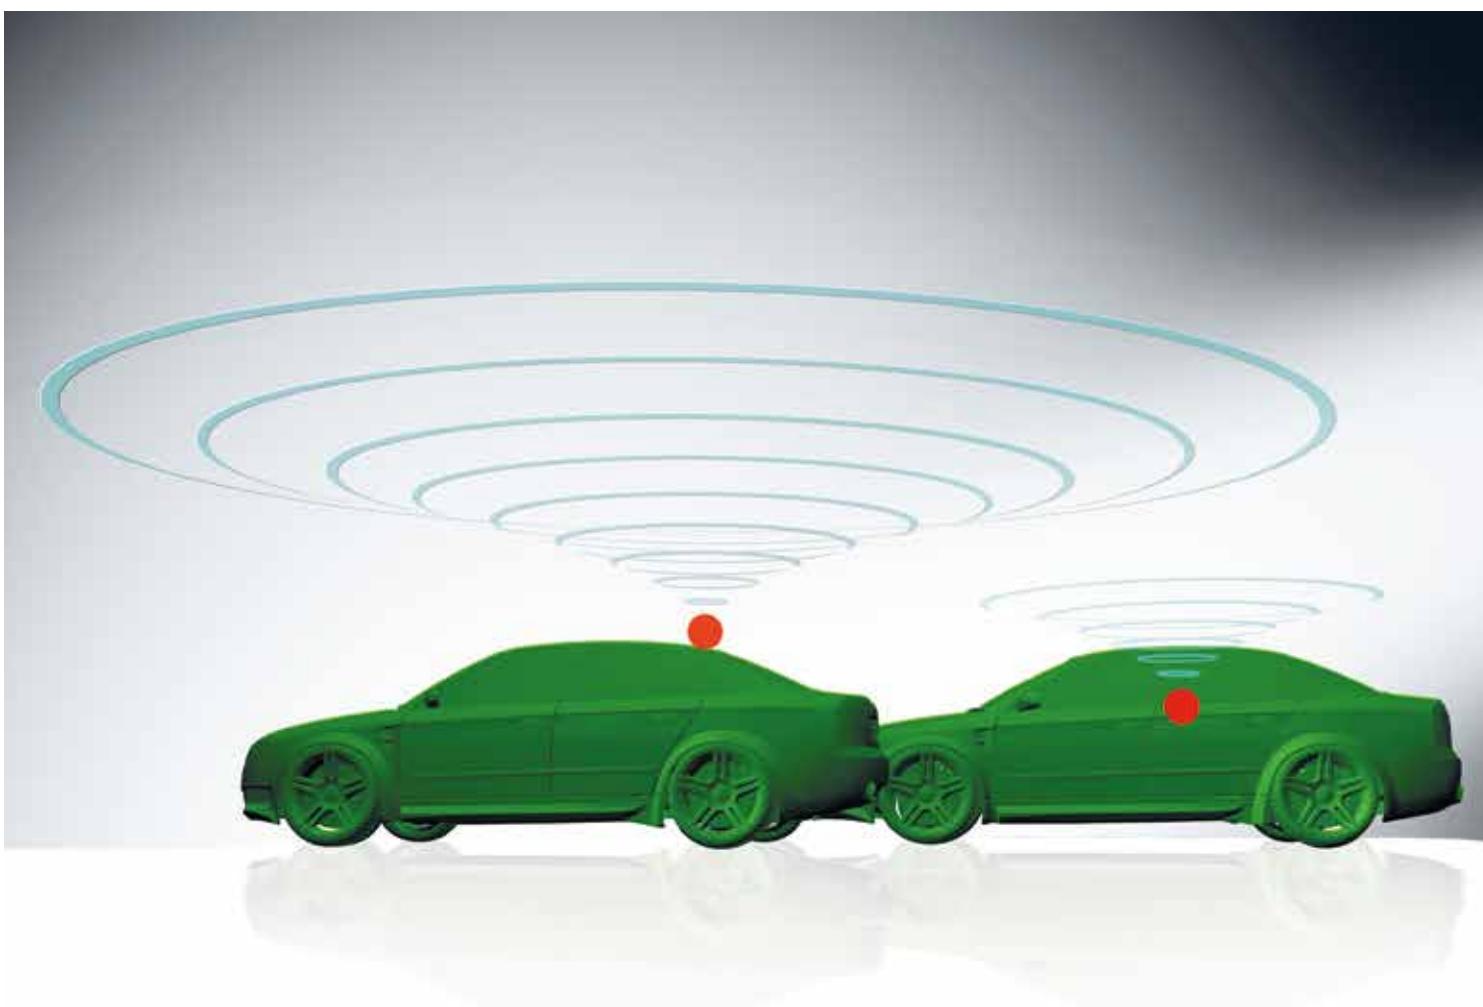

Die Firma **CALEARO** betreibt ständige Forschungs- und Entwicklungspolitik und behält sich das Recht vor, jederzeit technische und/oder ästhetischen Änderungen ihrer Produkte ohne vorherige Benachrichtigung vorzunehmen.

CALEARO poursuit une politique continue de développement et d'amélioration et, par conséquent, se réserve tout droit de modifier les caractéristiques techniques et/ou esthétiques de ses produits à n'importe à quel moment et sans préavis.

CALEARO apuesta por una política constante de desarrollo e innovación. Por lo que, se reserva el derecho de modificar las características tanto técnicas como estéticas de sus productos en cualquier momento y sin ningún preaviso.

Компания **CALEARO** постоянно занимается исследованиями и разработками. Поэтому Компания оставляет за собой право изменять любые технические характеристики и/или дизайн своего продукта в любой момент без дополнительного уведомления.

CALEARO heeft altijd een beleid van continue research en ontwikkeling nastreeft. Daartoe behoudt het bedrijf het recht om te allen tijde en zonder voorafgaande kennisgeving technische en/of esthetische aanpassingen in haar producten te doen.

SICUREZZA E FUNZIONALITÀ

I vantaggi delle antenne mono e multifunzione Calearo:

- aumento della copertura di ricezione dei sistemi radio;
- aumento della qualità del segnale, con conseguente riduzione delle interferenze;
- rispetto dei parametri estetici dell'auto.

SAFETY & FUNCTIONALITY

Advantages of Calearo mono-function or multi-function antennas:

- increase of radio systems reception coverage;
- increase of signal quality and breakdown reduction;
- preservation of car aesthetical design.

SICHERHEIT UND FUNKTIONALITÄT

Vorteile der Calearo Mono- und Mehrfunktionsantennen:

- Erweiterung der Empfangsfähigkeit des Radiosystems;
- Verbesserung der Signalqualität und Störeingrenzung;
- Bewahrung des ästhetischen Designs.

SECURITÉ ET FONCTIONNALITÉ

Avantages des antennes Calearo mono et multifonction:

- extension de la couverture de réception;
- amélioration de la qualité du signal et réduction des interférences;
- respect des paramètres esthétiques de la voiture.

SEGURIDAD Y FUNCIONALIDAD

Ventajas de las antenas Calearo mono y multi-función:

- aumento de la zona de recepción de los sistemas radio;
- mejor calidad de la señal y reducción de las interferencias;
- respeto de los parámetros estéticos del coche.

БЕЗОПАСНОСТЬ И ФУНКЦИОНАЛЬНОСТЬ

Преимущества моно- и мульти-функциональных антенн Calearo:

- Увеличение диапазона приема радио сигнала;
- Улучшение качества сигнала и подавление шумов;
- Эстетическое соответствие дизайну автомобиля.

VEILIGHEID & FUNCTIONALITEIT

Voordelen van Calearo monofunctie of multifunctie antennes:

- Toename van radio systemen ontvangst bereik;
- Toename van signaalkwaliteit en afbraakreductie;
- Bescherming van het esthetische design van de auto.
