

# Product Technical Data Sheet

## SmartGel+microfiber

Cleaning gel for LCD/TFT liquid-crystal displays of laptops, smartphones, tablets, palmtops, iPads and monitors. Protect against children. Before cleaning the equipment, remove the plug from the power source. The manufacturer will not be held responsible for damage caused by improper use of the preparation. The gel does not contain alcohol (it is non-flammable).

**Instructions for use:** Apply a small amount of gel on a paper towel or a micro-fibre cloth and clean the monitor.

### Physicochemical properties:

Parameters	UoM	Result
Density	g/cm <sup>3</sup>	0,90-1,0
Physical state	-	liquid at 20° C
Scent	-	characteristic for the used aromatic compositions
pH	-	7.0 (undiluted)
Solubility in water	-	100%

### Packagings:

Type of packaging	Type of packaging	Collective packaging	Item Code
250 ml	plastic bottle with an atomizer	4/24	ART.AGT-256

### Warehousing:

Keep in a well-ventilated place, in accordance with the applicable fire protection and safety regulations - a fire-proofed storage, without heating, explosion-proof electrical and ventilation system, flooring with electro-conductive lining; metal devices and storage facilities, tanks, containers, packages etc., where electrical charges can accumulate should be grounded. Protect from sunlight and do not expose to temperatures exceeding 50° C. Keep away from children

Data contained in this document are consistent with the current state of our knowledge. They describe typical product properties and applications. However, it is up to the user to examine the suitability of this product for specific applications. We deny liability for the obtained results on the grounds that application conditions lie beyond our control.
