Compatible with laptops: up to 17.3 inches

Dimensions: 390×245×30 mm

Weight: 910 g

Package content: cooling stand, USB-A – USB-A cable, user manual

COS-01 is a powerful cooling stand for laptops. The device is a universal solution for any laptop up to 17.3 inches in screen size. It helps to maintain the optimum working temperature for your device.

Its ergonomic shape and outstanding performance make it ideal for professional gamers. The model has six red LED backlit fans with a speed of 2000+/-15% RPM. It allows a stable reduction of excess heat regardless of the laptop's workload. In addition, the LEDs give the stand a more individual, gaming character.
