LL1 Conference USB Webcam

120° with Dual-Microphone

Art. No.: UA0377

The Perfect Video Conferencing Solution

This LL1 conference webcam has a 120° ultra-wide-angle lens ensuring that everyone is seen in Full HD resolution. It also features dual high-quality microphones, designed to pick up everyone's voice. Ideal for enhancing your video conferencing experience.

Discover the Best Webcam for Online Class and Video Conferencing

Spectacular Video Quality

1080p HD video at 30 frames per second provides true-to-life clarity on Android TVs, PCs or laptops. Comes with an 8-layer coated lens provides high precision and no image distortion; smooth and precise for consistent definition and fluid video.

Ultra Wide Angle

The Full HD webcam with a 120° super wide angle field of view allows everyone in the room to be seen. Great for business video meetings in huddle rooms and other small workspaces.

Automatic Low Light Correction

Equipped with auto low light correction, adjusts the lighting to produce better quality and brighter images even when you are in a dim environment.

Built-in Dual Noise Reduction Mics

It is specifically optimized for ultra-clear conversations in the room; making sound purer and clearer.

360° Adjustable Rotation

360° rotation left/right and 90° tilt forward/backward to show your best side on every video call, wherever you are.

Plug-and-Play through USB Connection

Supports USB Video Device Class (UVC); making it easy to get it up and running.

360° Rotation

90° Tilt

Versatile Mounting Choices

Effortlessly mount the camera wherever you like; clamp on LCD screens, laptops, desktops or mount on your tripod.

*tripod not included

All-around Platform Compatibility

Compatible with Windows, Mac OS, Linux, Chrome OS and Android. Works with Skype, Microsoft Teams, Google Meet, Zoom, FaceTime, Facebook Messenger, OBS, XSplit, Twitch and more.
