

IP Camera | HD | IR | WiFi | night/day

Product code: 50226

Thanks to Qoltec IP camera you will be able to observe the interior of your home without any restrictions. The camera will provide security for your child, older family members and even your pets. You can remotely follow the image from the camera wherever you are. Live, in HD, no matter what time of day or night. Small sizes always allow you to take the device with you. Thanks to the built-in Wifi module, it is very easy and convenient to connect the camera to the Internet. A dedicated application for Android, IOS and Windows systems allows you to follow the smooth and expressive image from the camera. Live!
