BIGGER CAPACITY FOR MORE POSSIBILITY

Reliability, Speed, Compatibility - Ideal for Individuals and Small Businesses

Discover a new quality of data storage with our aluminium enclosure for 2.5" SATA3 HDD SSDs, which combines reliability, speed and wide compatibility. An ideal solution for those looking for mobile and easy-to-use data storage options, it is an interesting alternative, not only for those with documents or private files on disk, but also for small businesses wishing to archive their computer data without investing in other costly solutions.

MAXIMUM MOBILITY IN AN ELEGANT ALUMINIUM HOUSING

Compact Design and Robust Aluminium Construction

The sleek and handy enclosure for your drive is a stylish protection for your valuable data. The case is made of high-quality aluminium, which further helps to dissipate heat. The compact size of the enclosure will allow you to take it with you to work or wine places, the pocket fits easily into a backpack. The durable enclosure provides effective protection against crushing and prevents any damage to the drive.

IT'S NOT JUST ABOUT 5GB/S SPEED, IT'S ALSO ABOUT CONVENIENCE - ONE DEVICE, ONE USB CABLE, UP TO 5TB CAPACITY

High-speed transfer of up to 5 GB/s, Windows/Mac/Linux compatibility, Plug&Play, Supports drives up to 5 TB

The HDD / SSD pocket allows you to quickly and safely rip files, edit them, save changes - you have full control over your data. With a **data transfer rate of 5 GB/s**, your files are instantly accessible. Whether you're working or enjoying multimedia, this enclosure allows you to transfer information smoothly, increasing the performance of your system.

Our device offers:

- compatibility with many Windows, Mac, Linux systems,
- support for USB 3.0 and SATA3 standards,
- a single drive supports up to 5TB,
- designer look in several color variants,
- no need to install drivers, simply plug into a USB port and use thanks to the simplicity of the Plug&Play function,
- USB cable included.

CONVENIENT AND UNIVERSAL SOLUTION FOR SSDS AND HDDS

Plug & play - no drivers to install, just plug and play!

No special tools are needed to mount the SSD and HDD, simply slide out the case, insert the drive accordingly and slide it back into the case and screw it on. Once you have connected the bay to the device of your choice, you are good to go, the device is ready to go. Plug&Play function - no drivers to install, just plug and play!
