

Qoltec Wireless Mini Bluetooth USB WiFi Adapter

Product code: 57007

The wireless Wi-Fi adapter is a product that ensures operation to the maximum standard. We have achieved this thanks to the precision of workmanship and the use of top-class components in its production.

Join a wireless Wi-Fi network

Your old laptop is no longer suitable for surfing the web? Or maybe constant caching while watching online series on your computer instead of the expected emotions only cause frustration? An outdated version of a network card or its complete lack is a common problem. But does it have to mean that you have to replace your equipment with a new one? Fortunately, no. The Qoltec brand offers a wireless mini Wi-Fi adapter, with a high transmission standard, which will provide Internet access to your computer or laptop, and thanks to its small size it will work perfectly even on the move.

Huge possibilities of modern technology

The adapter works in the N standard - it is a standard covering wide area wireless networks. This technology uses multiple antennas to receive and transmit signals. The signal is divided into several streams and transmitted from several sources, and received by several receivers. Thanks to such technology you will get rid of the problems of notorious loss of communication.

A practical 2 in 1 solution

Wireless mini Wi-Fi adapter is designed to connect to the network devices that do not have a network card or use an older version. Our solution additionally offers Bluetooth BT.4, where the task of the Bluetooth adapter is to transfer files between two separate devices, especially if one of them does not have the ability to connect wirelessly, and a USB 2.0 plug that allows you to directly connect the adapter to devices equipped with a USB port.

Trust confirmed by warranty

Do you care about the high quality of your product? Our solutions will meet your expectations. The wireless mini Wi-Fi adapter offered by us is covered by a 24-month warranty valid from the day of purchase.

Technical data

Producer	Qoltec
Connection port	USB 2.0
Antenna	inside
Frequency range	2.412 - 2.48 GHz
Wireless standard	IEEE802.11b IEEE802.11g IEEE802.11n
Transmission rate	150 Mbps
Package contents	Wireless mini WiFi / BT 4.0 USB adapter Quick Installation Guide CD with drivers
Colour	Black
Dimensions	15 x 20 x 7 mm
Package size	14 x 15 cm
Net weight	0,003 kg
Gross weight	0,029 kg
Warranty	24 month
EAN code	5901878570075
