

Rear bicycle lamp RED LINE 2.0 | USB-C | 20 lm

Product codes:

Reference: ABR0051

Product features:

Product line: Adventure Line
Run time: up to 44 h
Light output [lm]: 20
Light source: 20 Chips High Brightness Red LEDs
Power: Li-Po 3,7V 500 mAh
Charging time: 2 h 30 min - 3 h
Weight [g]: 36 g
Dimensions [mm]: 80 x 30 x 21
Designation: Cycling
Type of power supply: Accumulator
Light output: Dedicated battery
Type of lighting: Bicycle lamps

Product description:

Mactronic® Red Line 2.0 is a reliable rear bike lamp that makes you perfectly visible on the road for maximal safety. Rated at a strong 20 lm, the lamp is a trusty companion for riding even in the most difficult conditions. The special design of the lens ensures excellent visibility not just from the front, but also to the left and right, improving your safety on the road. Additionally, Red Line 2.0 features pulsing modes, another great way to improve visibility. Thanks to IPX4 protection class, Red Line 2.0 is superbly resistant to rain and splashes. No weather conditions are off limits with this amazing lamp. It's also easy to use and install, thanks to a flexible, rubber strap. The built-in battery with a USB-C socket not only saves money, but also the environment.
