CODEGRIP ADAPT V6

PID: MIKROE-6033

CODEGRIP ADAPT V6

The adapter comes with a 6-pin flat 0.10" SWD Needle cable

CODEGRIP ADAPT v6 is a vital component within the CODEGRIP ecosystem, a comprehensive solution tailored for efficient programming and debugging across diverse microcontroller devices (MCUs). With a 6-pin 0.10" SWD needle cable, this adapter offers precision and durability. The flat cable ensures seamless integration with the CODEGRIP programmer/debugger, while its compact design enhances convenience for swift programming and debugging tasks.

Mikroe produces entire development toolchains for all major microcontroller architectures.
Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
ISO 14001: 2015 certification of environmental management system.
OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).
