

Set of wireless sockets with a remote control unit, 2+1, IP44

Marka: **Virone** | Symbol: **RS-2** | Ean: **5908254816444**

PRODUCT DESCRIPTION

A set of sockets for wireless control of the electrical devices both inside and outside, incl. outdoor lighting, advertisements, sprinklers, ponds, electric roller shutters, etc. Switching on and off is done with the use of a remote-control unit (transmitter) or directly on the receiver. The devices have a learning system function (automatic configuration of additional receivers and remote control units).
