SOVIO® PB-01

FOLDING CONSTRUCTION

MULTI-SIZE USF

HEAT DISSIPATION

ADJUSTABLE ANGLES

Material:	aluminium alloy, anti-slip rubber
Adjustable tilt angle:	7 levels (0 - 40°)
Compatibility with devices:	up to 15.6 inches
Folded dimensions:	240×45×15 mm
Unfolded dimensions:	240×160×150 mm
Weight:	295 g
Package content:	stand, stand cover

The PB-01 portable stand made of high-quality aluminium alloy provides stable support for devices such as laptop or tablet. The 7-level tilt angle adjustment will allow you to optimally set the height at which you use the device. Thanks to the open structure of the stand we obtain better air flow, which has a positive effect on lowering the temperature achieved during the operation of a laptop or tablet.
