

COBASwitch VDE

VDE approved electrical switchboard matting for personal protection

- Lightweight VDE approved mat designed for use in front of open switchboards and high voltage equipment.
- Provides safety for operatives against electric shocks.
- Fine fluted surface has slip-resistance benefits.
- Tested to 50,000 volts according to DIN EN60243-1 (VDE0303 part 21) IEC 60243-2:1996.

Parts

Part Number	Size	Colour	Weight
SM060010	1 m x 10 m	Grey	67.30 kg
SM060010C	1 m x per linear metre	Grey	6.73 kg

Technical Specification

Material	Rubber mix
Surface Finish	Fine fluted ribs
Product Height	4.5 mm
Roll Length	10 m
Environmental Resistance	Suitable for dry indoor environments
Typical Applications	High voltage areas, Open switchboards
Installation Method	Loose lay
Country of Origin	UAE
